

## Summary of changes for the Third Amended PHO 20-36 Dial:

- Section II - throughout this section, the hospitalization metric was clarified as requiring a minimum of 8 days of stable or declining rates to move from a more restrictive to a less restrictive level.
- Section II.D.j, E.j, F.j, and G.j: repealed houses of worship and life rites sectors.
- Section II.F.k: authorized educational indoor settings, such as museums, to operate at 25% not to exceed 25 people per room in Level Red.
- Section II.G.g: removed the requirement that services rendered in limited healthcare settings in Level Purple may only be open to provide services that have been ordered by a medical provider.
- Section III.L: repealed houses of worship and life rites sectors.
- Section III.R: clarified that quarantine and isolation must follow CDPHE guidance.
- Section IV.D: critical government functions definition amended to specifically include sheriff authorized search and rescue.
- Section IV.Q: removed pastoral services as regulated through the personal services sector.
- Appendix A: amended critical services to include houses of worship and associated ceremonies, such as weddings.
- Appendix H: clarified that bars operating only curbside pickup, takeout and delivery are not required to sell food.
